Yoga Roll® Floor grid

Applications

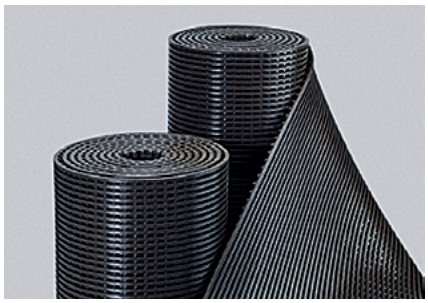

Yoga Roll is especially suitable for damp rooms, cold stores, processing and packing areas and assembly stations. Yoga Roll has been developed for workstations which may involve liquid or oil spillage.

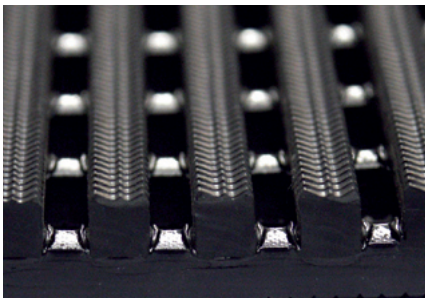

The benefits at a glance

- Hard-wearing and durable
- Maximum slip resistance R 11
- Resists most common oils, chemicals and UV radiation (except red flooring)
- Allows cargo transport. Resistant to pressure and mechanical strain.
- Resists temperatures ranging from -23°C up to +60°C
- Open grid design, spillages and dirt fall trough
- Anti-fatigue properties reduces leg strain and tiredness in applications involving long hours of standing or walking around
- Insulations against cold floors

Instructions for use and cleaning

- Yoga Roll is loose laid and does not require extra fixing
- Easy to clean with high- pressure cleaners and industrial vacuum cleaners

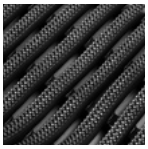

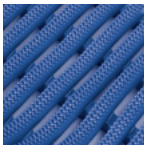

Properties

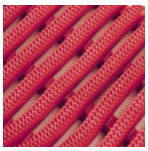

REACH — In conformity with REACH
Anti-fatigue
High-durability
DIN R11 — Slip-resistant

Specifications

Art Nr.:
Sizes: Rolls: 60 x 1000, 91 x 1000, 122 x 1000 cm
Thickness: 15 mm
Weight: 7.7 kg/m²
Colours:

black
blue
red

Material: 100 % PVC
Hardness 80° Shore A +/- 5
Surface: cushioned
Accessories: Connector clips, Floor hooks, Edging strips

Properties

Flame-resistance:
-
Chemical-resistance:
DIN 51958
Slip-resistance:
R11 (DIN 51130)
Effective drain-through and aeration:
V10 (DIN 51130)
