Yoga Spark Workstation mat

Applications

Yoga Spark provides the optimum solution for more demanding industrial environment such as assembly or welding stations.
Yoga Spark mats can be used in places where special heat repellent is required.

The benefits at a glance

- The top surface is extremely wear resistant
- Withstands sparks and hot metal fragments
- Rubber surface with anti-fatigue rubber foam under surface
- The fine foam cells of the base ensure comfortable bounce and relieve the strain on leg and back muscles
- Bevelled edges to reduce trip hazards
- The mat absorbs noise and also provides excellent insulations against cold floors
- Yoga Spark resists high temperatures and withstand mechanical pressure

Information of mat durability

Yoga Spark with two bonded rubber layers is extremely wear resistant and can withstand even the roughest working environments and provides easy movement of carts and trolleys.

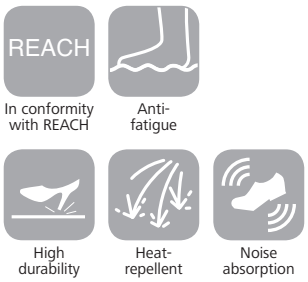

Instructions for use and cleaning

- The mat can be installed without extra fixing or gluing
- Easy to clean with high pressure cleaners

Properties

Specifications

Sizes: 60 x 90, 90 x 150, 90 x 360
91 x 600 cm
rolls on request

Thickness: 10 mm
kg: 5.7 kg
Colour:  **black**

Material: 100 % rubber
Surface: Solid top

Properties

Flame-resistance:
-
Chemical-resistance:
-
Maximum slip-resistance:
-
Effective drain-through and aeration:
-
