KoBe™ Dirt-trapping mats

Applications

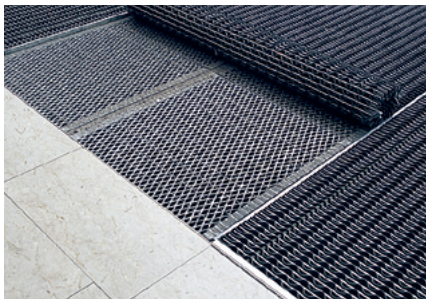

The KoBe dirt-trapping mat is suitable for indoor and outdoor use.
The mat can be turned over and can be used on both sides.

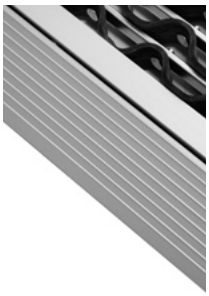

The benefits at a glance

- Made of aluminium bars and rubber strips
- fixed with steel wire
- The rubber is flexible and temperature-resistant
- Hard-wearing and durable
- Reduces cleaning expenses
- Available with or without frame

Instruction for use and cleaning

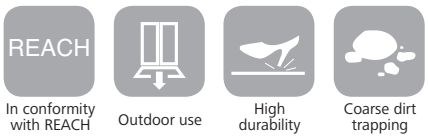

- The mats can be loose laid or installed
- The mat can be cleaned with high pressure cleaners

Properties

In conformity with REACH | Outdoor use | High durability | Coarse dirt trapping

Customised size
200 x 500 cm

Thickness: 22 mm
Weight: 12.0 kg/m²
Material: Aluminium and rubber

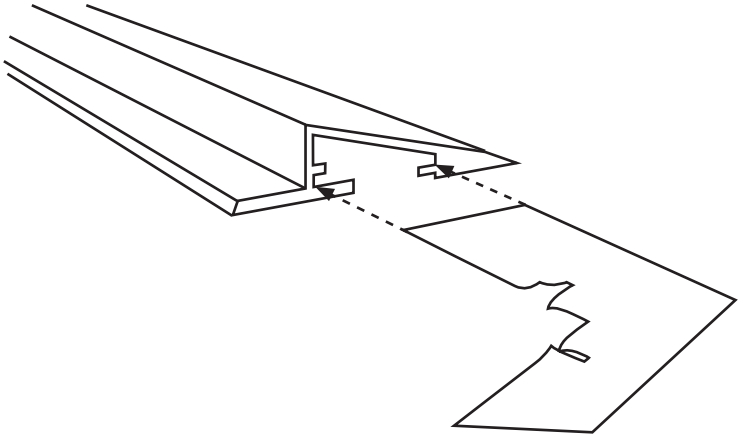

Colors:

Aluminium

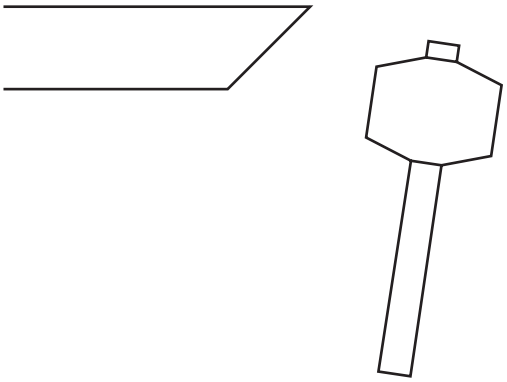

KoBe™ Assembly instructions for frame segment

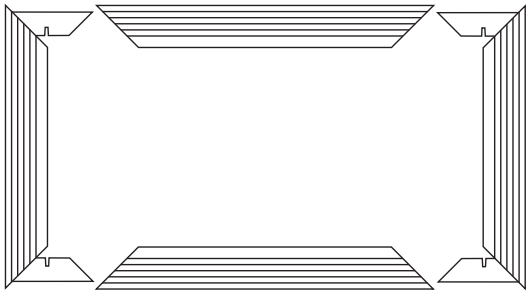

1) Die Winkel gerade in die Rahmenteile stecken (makierte Seite nach oben)
1) Push the angles straightly into the frame-segments (marked page upward)

Die Rahmenteile besitzen Aussparungen für die Winkel Profile
The frames parts possess recesses for the angles of profiles

2) Winkelprofile mit einem Gummihammer fest in den Rahmen klopfen
2) knock the angle with a rubber mallet firmly into the frame

3) Die anderen Rahmenteile ebenfalls mit den Winkeln verbinden
3) Connect the other frame-segments with the angles too
