Olefin Dirt-trapping mats

Applications

The Miltex Olefin mats provide the ideal solution for indoor use in areas with heavy pedestrian traffic. The fully synthetic mats ensure that your floor stays clean and dry and also protect the flooring from premature wear.

The benefits at a glance

- Made of long-fibre Olefin with vinyl backing
- Excellent dirt-trapping capacity
- Water retention capacity of up to 7 l per m²
- Fast-drying and odourless
- Extremely hard-wearing
- Color-and light-fast
- Certified as environmentally friendly to ISO 14001

Instructions for use and cleaning

- Easy to clean; compatible with most common detergents
- Easy to cut to size and shape, easy to lay
