- Length x width: 0.90 m x 1.20 m
- Printed protective floor mats – available in a variety of colorful motifs
- Custom motifs upon request
- Made of high-quality Makrolon® – 100% recyclable
- Castor chair resistant
- Extremely hard-wearing and durable
- Noise dampening
- Excellent adherence to the floor
- PVC-free and odorless, free of toxic chemicals
- Compatible with floor heating systems
- Ideal for people with allergies

In a selection of eye-catching motifs, these high-quality floor mats bring much more than a dash of color to your office or home. RS Office Porducts' motif mats are not only attractive, it is also protective – helping prevent unnecessary wear and tear to your carpet or floor. And if it's already too late, these mats are ideal for concealing stained or damaged areas.

RS Office Products' protective floor mats are made of Makrolon®, a high-tech polycarbonate manufactured by Bayer. This material is exceptionally tough and durable, and is used wherever safety is a top priority – bicycle and ski helmets, car headlights, eyeglass lenses, stadium roofing and even bulletproof panels. For more information on this remarkable material, check out www.makrolon.de.
