Rollt & Schützt®– improve the environment and your pocketbook.

Since we only have one environment, we each individually are responsible to protect it for our children and their children for a healthy future. With Rollt & Schützt® mats we can lay the foundation for that future. These quality mats are produced from 100% recycled material that again can be fully recycled. This is our contribution to protecting the environment not to mention the savings for your pocket-book.

Benefits at a glance:

- 5 year guaranty against breakage
- Made of high-quality Makrolon® – 100% recyclable
- Very robust and highly durable
- Highly transparent and neutral color plastic sheet
- PVC-free, odorless, and free of toxic chemicals
- Minimal gliding resistance for caster chairs
- Castor chair resistant (DIN EN 425)
- Slip resistance: Surface (R9 DIN 51130), Lower surface (DIN EN ISO 13287)
- Fire resistance DIN EN 13501-1
- High scratch resistance
- With a textured surface
- Compatible with floor heating systems
- Ideal for people with allergies

RS Office Products

Rollt & Schützt®

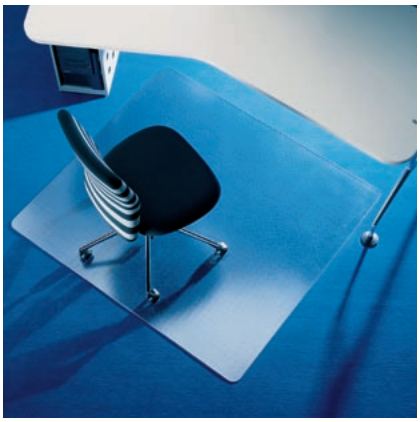

TÜVRheinland CERTIFIED Quality Regular Production Surveillance www.tuv.com ID 0000007284

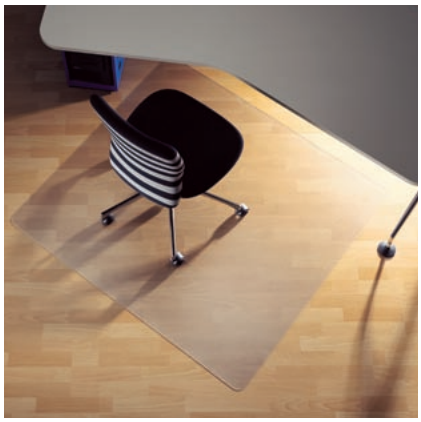

made of Makrolon® High-tech plastic from Bayer

High quality floor mats with the recycling advantage.

By extending the life of your flooring with our Rollt & Schützt® mats you make a further contribution to the environment. Our durable floor mats prevent the accelerated wear and tear associated with chair casters, thereby avoiding costly replacement of your flooring material. In this manner RS Office Products doubly protects the environment by not only recycling materials but by limiting the additional burden of flooring material to the refuse stream. Furthermore less nonrenewable raw materials are required.

Naturally, Rollt & Schützt® mats are completely odorless and non outgassing because they contain no PVC or vinyl. With our highliy transperant mats you can be rest assured of years of effortlessly gliding about your office.

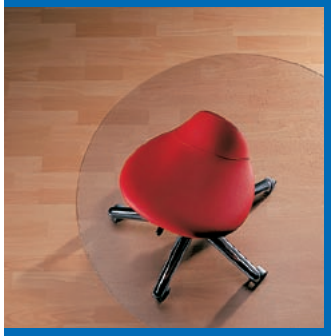

Rollt & Schützt® with anchor grips

For softer flooring such as carpet, we recommend this type of mat, since thousand of small anchor grips keep your mat in place without damaging the flooring material. The anchor grips are suitable for low like also high carpets.
Thickness: 2,4 mm,
Length: 3,6 mm.

Rollt & Schützt® with antiglide layer

For hard flooring such as parquet, tile or stone, we recommend Rollt & Schützt® with VAB® antiglide layer. Unlike spraying a coating on the mats as an afterthought, the VAB® layer is thermally welded to the polycarbonate during the manufacturing process to make one integrate unit. Thereby Rollt & Schützt® with VAB® remain in place over its life without any sticky residues or outgassing of solvents.
Thickness: 2,0 mm
